10. (Unclassified - GLC) Steven Zagorski, State Liaison with the Agency, called concerning a constituent letter to Senator Dirksen on the subject of Soviet and other foreign individuals working for the U. S. Government as reflected in recent press publicity. Zagorski asked if we could provide any guidance for State's use. I indicated that we had received a number of inquiries of this type and would make available to him a copy of our response on this subject.
